She wore a bikini top in lieu of a T-shirt or blouse.
Denim cutoff shorts accentuated her tight ass.

SURF SLUT

Sweat pouring down my face, knuckles busted and bloody, I worked the socket wrench back and forth. Such was my lot in life, perpetually hunched over an engine in the airless garage where I had worked since graduating from high school. Now I was twenty-seven, trapped, and going nowhere.

A blown out knee my senior year had destroyed my dreams of playing college soccer. With an athletic scholarship out of the question, and a single mother struggling to make ends meet, I was all but forced to join the workforce in my hometown, a hick burg two hours from the coast.

Inland Florida is the pits, a good place to become a drug addict. Luckily I had managed to avoid that particular pitfall, choosing to drown my sorrows in beer as I spent most nights pounding cold ones in my trailer.

"Hey, Mikey!"

My boss's strident voice could mean only one thing—

A tow job; some stranded motorist was in desperate need of my services. I would have to abandon my current project, getting further and further behind. Another late night at the garage, I thought, expelling a weary sigh.

"Young lady just called," my boss explained. "Sounds like a dead battery."

He gave me the location. Just a few miles up the road, I reasoned. At least it would get me out of the garage for a little

while. And who knew? Maybe the young lady was a real looker; some primo eye candy always helped me get through this long day.

Cigarette jutting from my mouth, I drove our ancient tow truck to the designated location, my hometown's only convenience store/gas station. The young lady was sitting behind the wheel of a foreign hatchback when I wheeled in beside her.

I killed the engine and stepped out. "What seems to be the problem?"

"I don't know. I went inside for a drink. When I came back it wouldn't crank."

The parking decal on her windshield betrayed her student status; she went to that swanky private college on the coast. The hatchback was crammed full of possessions—microwave oven, portable fan, coffee maker, clothes—anything and everything she would need for the upcoming semester. A surfboard was strapped to the roof of the car.

She stepped out and joined me, making it increasingly difficult to focus on the task at hand. She wore a bikini top in lieu of a T-shirt or blouse. Denim cutoff shorts accentuated her tight ass. Long legs, tanned and toned, tapered to her sandaled feet.

I asked her to pop the hood. It didn't take long to diagnose the problem. Dead battery, as expected. The August heat had zapped it.

I relayed the bad news.

"That sucks," she said.

"Yeah," I replied, "but we've got one back at the shop. It won't take me long to replace it. I'll have you back on the road in no time."

"Cool."

"There are several ways we can do this," I explained. "I can give you a jumpstart, and you can follow me to the garage. Of, if you prefer, I can retrieve the battery and bring it back here. Third option is to tow your car to the garage and do the work there. It's entirely up

Long legs, tanned and toned, tapered to her sandaled feet. I asked her to pop the hood.

to you.”

“I like option two; let’s do the work here.”

“You bet. Hop in.”

She locked up her car, started to get in the truck, then stopped.

“What’s wrong?” I asked.

“My surfboard,” she said. “I’m afraid somebody might steal it.”

Her concern was warranted. The meth freaks in town would steal any damned thing they could pawn for drug money.

“Put it in the back of the truck,” I said.

“You don’t mind?”

“Not at all.”

I sat there behind the wheel, lighting a fresh cigarette and watching her as she removed the board from the roof of her car.

She was major heat. Her long blonde hair was pulled back in a ponytail. Scarcely an ounce of fat clung to her fit physique. Long hours in the surf had bronzed her skin. I found myself looking forward to quitting time, even more so than usual. I planned on going straight home, and rubbing one out to visions of this lovely surf goddess.

“Thank God for dead batteries,” I muttered.

I returned to work to find the garage door down. My boss had gone to lunch, leaving a note to this effect, informing me that he would be gone until two o’clock. It was just a few minutes after one when I selected the appropriate battery, and rang her up at the register.

“That’s for the battery,” I said, “and the forthcoming labor.”

“What about gas?” she asked.

“Gas?”

“You drove out to the store, and now you’re going to have to drive back.”

“That’s included in labor,” I explained.

During the ride over she had told me a little bit about herself. She was going to school on an athletic scholarship, an all expenses paid ride. Captain of the coed surfing team, she hoped to ride

on the professional circuit after earning her degree. I was impressed and more than a little envious. After all, substitute soccer for surfing and she was living my dream. I had told her about my knee. She had seemed genuinely sympathetic, telling me that that was one of her worst nightmares, a serious injury putting the kibosh on her future; that, she had said, and a shark attack.

Now, battery in hand, I stepped out from behind the counter. “Let me grab a few tools, then we’ll be on our way.”

She followed me into the garage. “So it’s just you and the boss?”

“That’s it,” I said. “A simple two-man operation.”

I was peering at wall mounted tools, acutely aware of her presence, when she placed her hand on my shoulder.

“When’s he coming back?” she asked.

I looked into her blue eyes. “An hour.”

“That’s plenty of time.”

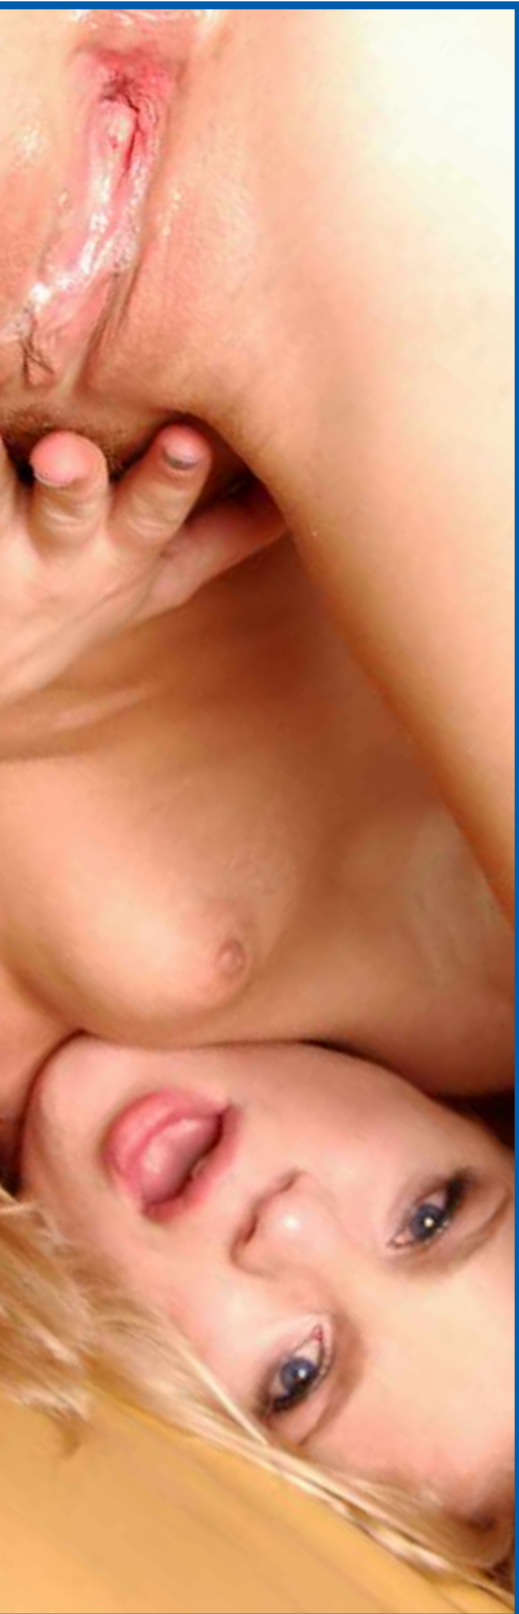

“For what?” I asked.

“Oh,” she said, running her hand up and down my arm, “I think you know.”

Rendered speechless by her sudden display, I stood there in disbelief as she told me to close the garage door. I complied with much haste, rolling it down with a loud clatter, effectively sealing us off from the outside world. With the door down it was noticeably darker within the cavernous space. Still, I could see plenty—

She removed her bikini top, freeing a stellar set of tits, perfectly shaped half melons just begging to be squeezed and licked. I did both, devouring them with my hands and mouth, this before she unzipped my work pants. I leaned against the side of the car I had been working on earlier, watching with growing excitement as she knelt before me and took my cock in her mouth. Surfer goddess gave a damned good blowjob: sloppy, aggressive, manic. She plunged her head back and forth, gobbling my prick with unabashed hunger. It wasn’t long before I placed my hands atop her head,

My boss's mouth gaped when he saw her; no doubt he was mentally removing her bikini top as I walked to the truck parked outside. Hell, I couldn't blame the guy.

and proceeded to thrust my hips, fucking her mouth, her face, with piston-like jabs. She fondled my balls, kneading and massaging them, as my cock slid between her lips.

Finally she took a breather. "Are you ready to fuck me, baby? Tell me. Are you ready to fuck my tight little pussy?"

And that's when I heard it, the slamming of my boss's car door. I had heard the sound enough times to know exactly what it was. The bastard had returned early!

"Quick! It's my boss! Get dressed!"

She scrambled for her bikini top. I zipped up, waiting until she had secured the strings before raising the heavy aluminum door.

My boss stood there, arms crossed, with an annoyed expression on his face. "Why is the goddamned door closed?"

"I just dropped by to pick up a battery. We're heading back to her car now."

"We?"

My boss's mouth gaped when he saw her; no doubt he was mentally removing her bikini top as I walked to the truck parked outside. Hell, I couldn't blame the guy. Surfer goddess was quite a sight to behold.

When she had joined me in the cab I keyed the ignition and drove away, leaving my boss to wonder why in the hell there was a surfboard in the back of the tow truck.

Hands on the wheel, I piloted the truck to the store, rendered speechless by what had just transpired. Finally she broke the ice . . .

"That was fun."

"You really surprised me back there."

"Is that so?"

"Definitely."

"Well," she said, "I'm full of surprises. And you're cute. I'm looking forward to a new semester and all—classes and surfing, at least—but my social life at school leaves a lot to be desired. All of the guys are a bunch of spoiled mama's boys. Oh, sure, they talk a big game, but

when it comes time to deliver they can't even get it up half the time."

"Sorry to hear that."

"There's a big difference between a man and a boy. They're boys, each and every one. You, on the other hand, are a man."

"I'd like to think so."

I stopped at a red light. The store was just ahead. Her car was parked right where we had left it. She scooted a little closer on the bench seat, placed her hand on my thigh, and applied gentle pressure.

"My car can wait," she said. "How about you and I finish what we started?"

I had been thinking the same thing, concerned about a serious case of blue balls; after all, she had taken me to the brink back at the garage. I needed a powerful release.

The light turned green. I drove through the intersection, leaving the store and her car in the rearview mirror.

"We could go to my place. I don't live too far from here."

"Sounds perfect," she said.

I blew through the next three stop signs, eager to show her a good time.

"Not exactly posh," I said, "but it's home."

"I like it," she said. "It has charm."

I couldn't tell if she was telling the truth or just sparing my feelings. Not that it mattered. I didn't give a damn if she thought my trailer was a total dump. It was the best I could do. Grease monkeys in one horse towns don't exactly break the bank.

She sat on my secondhand sofa and crossed her legs.

"Beer?" I asked.

"I'd better not. Remember, I have to drive."

"That's right."

"And you have to get it up."

"One beer won't make me soft."

"No," she said, "but it will take a few minutes to drink. And I don't think I can wait that long."

Heart hammering with excitement, I eased my prick into her backdoor, little by little, inch by inch. She was unfathomably snug. Her asshole gripped me like a vise.

She removed her bikini top, letting it fall to the tattered sofa cushion. Then she kicked off her sandals, unbuttoned her fly, and stretched her legs, inviting me to peel her shorts. I slid them down her beautiful long legs. She wore cotton panties, white with pink polka dots. I could see her pussy lips through the sheer fabric. She had given me a spectacular blowjob at the garage. Now it was my turn to return the favor.

She propped a throw pillow behind her head. I shucked her panties. She spread her legs, lowering a hand to rub her pussy while I removed my workpants and boxers, liberating my cock. I was already plenty hard when I joined her on the sofa, sitting there beside her, stroking myself as she played with her clit. I wanted her to beg for my tongue, then my cock, in that order. She seemed to read my mind.

"Do it, baby," she said. "Eat my pussy."

I pushed her legs apart even further. She was quite flexible. I dove in, teasing her with my tongue, teasing and tasting her salty surf. She squirmed and moaned with pleasure. I lapped her pink lips, sucked her clit. She played with her tits, one for each hand, tweaking and pinching her nipples, urging me onward. I took her to the edge of the cliff, then stopped, allowing her to catch her breath. Perhaps thirty seconds elapsed before she spoke—

"I want your cock in my pussy. Do it now, stick it in . . ."

"This," I said, waving my prick in her face. "You want this?"

"Fuck my tight little slut hole."

Mounting with a singular thrust, I sunk my cock all the way to the hilt in one motion, making her gasp. Her pussy was tight. And she knew how to use it. Her muscles clenched my shaft as I began to move my hips, slowly, methodically, savoring every moment of our coupling. I fucked her good and proper, pulling my cock out a few times, teasing her lips with the cap, before pushing it deep.

Keeping one hand up top to knead her tits, she lowered the other to diddle her clit, strumming it with precision as I upped the pace and force of my thrusts, mining a heretofore untapped reservoir of stamina. It was one of the best performances of my life. She had everything to do with it, this scorching college surf slut. I had every intention of pulling out and drizzling her tits. Until she blew my mind yet again—

"Finish in my ass. Can you do that for me, baby? Can you fill my dirty little asshole with cum?"

She turned over; knees pressed to the sofa, she lowered her head and arched her spine, framing her ass. Reaching back with both hands, she gripped each taut cheek, spreading herself wide, granting me an unobstructed view of her donut hole.

Heart hammering with excitement, I eased my prick into her backdoor, little by little, inch by inch. She was unfathomably snug. Her asshole gripped me like a vise. Erring on the side of caution, I stroked somewhat reservedly at first. She kept her hands on her ass cheeks, pulling them apart as I probed deeper and deeper, ultimately reaming her at a frantic pace which did the trick.

She shuddered and wailed. I grunted, leaving my cock plunged until I had spewed every last drop of spunk.

I replaced her battery at the store and wished her much luck for the upcoming semester.

"Thanks." She secured her board to the roof of her car. "I'll stop by on my way home for the holidays. I mean, well, if that's okay with you."

"Of course it's okay. In fact, I'm counting on it."

She slid behind the wheel and cranked her car.

"And watch out for sharks," I said. "I like your limbs intact."

"My limbs, huh? What about my tits?"

"Those, too," I said.

CHARLIE

My man's been away for a while, so I've had plenty of time to myself before he gets back. I love imagining all the ways I want him in me. All the places I could take him, and the things I could show him. Before I know it, I find myself half naked and feeling up my pussy. All this dreaming has left me wanting him more.

finally letters:

So many letters have come into the office that we had to share just a couple with you here today

professor veera

I'm in my second year of college, and it'd been a long time since I accepted a babysitting job. But, every now and then, an opportunity comes along that's just too good to pass up. For me, it was when Professor Veera asked me to babysit her kids so that she could go to a faculty mixer. I didn't have anything to do, and really, when the professor asked me to do things, well, I just couldn't say no to that cleavage she always loved to show off.

To be fair, this professor was a total MILF, breasts that always wanted to leap out of her shirt, wavy blonde hair just past the shoulders, bright blue eyes, and tall with legs that just seem to scream out to me.

So, I did the babysitting, got the kids to bed, and was just chilling when the professor finally got back around 1 in the morning; later than I really wanted to be out. I wanted to say something, but I noticed those monstrous boobs and I stopped myself. She apologized for being out so late and asked if there was anything she could do to make it up to me.

I looked at her skeptically, finding I couldn't help myself when I said, "Take me to bed?" We looked at

each other for what felt like the longest second of my life before she held out a hand and led me upstairs.

We got to her room and shut the door before she sat on

the edge of the bed next to the nightstand, where she opened the middle drawer and pulled back a towel covering a layer of toys of all shapes and sizes. "Start with the small ones," she told me as she lay back, spreading her legs as far as her tight skirt would allow.

When she gave me the view, I realized she wasn't wearing underwear, and I had to do everything I could to keep my cool. I grabbed the smallest toy, a novelty, textured finger glove that made her squirm as I tickled her clit and just teased at her hole.

But the toys grew larger. Dildos and vibrators, and each one I tried sent a new wave of pleasure through my professor. With each one, I got more daring, going off her cues. She told me when it was time to change, when she needed something deeper, longer, or more powerful. She screamed, moaned, and writhed on the bed, absorbed by the pleasures from her drawer.

She kept wanting more, and eventually I ran out of

toys in the drawer, so it was time to improvise. I stood up, hungry eyes gazing down at my professor, with her enormous chest open and saluting. I pulled my cock out and gave it a couple of tugs before I slid myself in. She gasped and looked up at me with a smile.

I took that as my cue and grabbed hold of her ankles high in the air to give myself grip and I just started plowing her. She was better than I imagined, so tight, but so experienced. She knew the right angles and had already taught me what I was feeling for with all of her toys. And her chest... The way her boobs just bounced there, it almost felt like a prized trophy display.

More than once, I tried to slow down, tried to savor the moment, only to have her legs grasp around my lean frame and pull me in tighter and harder. She screamed and moaned so loud I was sure she was going to wake the kids, but the danger only turned me on more. And when her body shook with pleasure, I felt like my body was close behind. She

places along my cock that I didn't even know were there. And within minutes, she managed to get me to blow a second enormous load, which she swallowed carefully and lovingly. When we said goodbye for the night, I reminded her I still hadn't been in her bed. She gave me a knowing smile and said, "Maybe next time."

Two wrongs made it right

For the past two short years I've been married to Jennifer, a great girl. We met in high school and married right after we graduated. Neither one of us had been with other people, sexually, so the urge to try something and someone new was strong, or at least it was for me. Halfway into our marriage, I told her that I wanted to try swinging but Jen was dead set against it.

sensed it too because she quickly sat up. I fell out just as I exploded. She had moved just in time, letting my dick paint over those enormous melons that long ago got my attention.

From there, she offered me a shower to help clean up. As soon as the water came on, my dick was in her mouth, giving it the special cleansing treatment, as she called it. I leaned back against the wall of the shower, feeling the energy surge through me again. Her mouth was even better than her crotch, and her tongue found

Living in my frustration, I would constantly bring up swinging and tried to get her to consider it. "Please read about it or visit some websites." I would implore. She refused and my frustrations eventually led me into another woman's arms. She caught me after about two months because I was careless, or maybe deep down, I wanted her to catch me because I was in our house at the time. I tried to explain, which was difficult to do being caught naked with my cock in another woman. She ran out of the house in tears and

came back the next day. I was sick with worry.

When Jen got home she explained that she drove to the nearby hotel because she didn't know if she was going to come home that night or not. She didn't ask for a room right away, but sat at the bar to think things out. There was a guy there that started talking to her but she ignored him initially. "But he was persistent," she told me. "He was in town for a contractor's convention technology convention and had been having trouble in his marriage. So we sat there talking."

She said that he offered to take her home, but invited her up to his room if she would like to come and continue the conversation there. Jen said she was nervous but he said to tell him the whole story, and so she went up to his room with only the intent of talking.

They talked for another couple hours, and he kept saying that she should get revenge. She said no and she

He took it out and it was huge, she said. Much bigger than mine. He put her hand on it and she then stroked it. She rubbed his balls and made him last a long time by making her squeeze it every time he was going to come. She said he kept trying to force her mouth on it but she kept pushing away. Eventually, he shot a huge load all over her chest. She then went and cleaned up.

She said that was all that happened. He did not go any further and neither did she. Jen and I talked about it and her hurt feelings for another hour. I kept saying that it was okay and I'm glad she was not hurt and was home. I asked her what she wanted to do today and she said "Let's go to bed, baby, I want to fuck you." With an emphasis on – you!

In our bedroom, we fucked for hours that night. She asked me if I would stop the affair if she became more open. I said yes but what did she mean by more open. She said the guy

wanted to go home but he said she had gotten him hot and he needed to kiss her. She tried to leave but he was too strong. She said no and he reminded her how I had cheated and to my amazement she let him touch her. She decided to let him unbutton her blouse and bra and suck on her nipples. He then wanted to go to the bed but she said no. She said she was feeling confused, and a little scared.

Then, to my surprise, she said she told him that she would jerk him off and then she would leave.

and her had talked for hours and he wanted to meet her the next night but she said no, not without my husband. He agreed. I guess time will tell where we from here, and so will Jennifer.
